

Thank you from SAMA and the editors

The SAMJ reviewers

SAMA and the editors of *SAMJ* would like to thank all who participated in the peer review process during 2024. We are grateful for the expertise, insight and thoughtful critiques shared with our authors through the review process, and without which maintaining the high standard of our journal would be impossible.

We apologise if any individual reviewer has inadvertently been excluded, and to those reviewers who were recruited after this issue was published.

The CME guest editors and authors

As editor of CME and SAMJ, I would like to thank all the guest editors and authors for their truly outstanding contributions to CME during 2024. This is much appreciated, particularly in the face of increasingly heavy clinical and teaching loads.

The South African Prostate Cancer Screening Guidelines

Editors
